Course Description: A Virtual Tour of the World - Part 2

Do you have a dream vacation planned? Do you have a love for traveling? Well, we have the class for you! Join us for A Virtual Tour of The World- Part 2 this semester and fall in love with hidden treasures and landmarks across the globe!

- Students will engage in research - searching for different locations across the world and their most popular and most interesting tourist hotspots. We will cover the "must do" for the most seasoned travelers and the unknown local secrets in each location.
- Students will learn a brief history of the location, view some of their most known cuisines, and plan and budget a trip to each destination. With copious resources provided to us during the COVID-19 crisis, traveling the world has never been easier (and more affordable!).

Join us for what is going to be an incredible course filled with memories and treasures that will last a lifetime!

Your Instructor

Courtney Braun is thrilled to be joining PBS for another remote learning class! Courtney has quite a few destinations that she wishes to visit, the top being Scotland! Some of her favorite international trips have included Ireland, London, and Paris. Courtney also loves to tour Orlando, Florida, more specifically Walt Disney World. Courtney has a love for cooking and local cuisine, labeling herself as a "foodie." Courtney's passion for history and travel comes from her Great-Grandfather who showed her at a young age what the world has to offer through his filmed trips across the globe. Courtney also has a strong passion for photography and the performing arts. She looks forward to seeing familiar faces old and new as we tour the world together!

PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students benefit from being engaged with interesting material and collaborating with other students.
