Course Description: Theme Parks!

This course will cover theme parks, nationally and internationally. Six Flags! Disney! Knotts Berry Farm! Adventureland! Dollywood! Sea World! And more! Students will learn about the history and development of theme parks in general and specific parks, answering questions such as:

- What, actually, is the “theme” of each park?
- What is the history?
- What are the featured attractions, rides, entertainment?
- What are some “tie-ins” between parks and film and cultural arts?

Students will share their thoughts about why they like or dislike various theme parks, even to the point of sharing their creativity to the class by planning and designing their own “ideal” theme parks.

Your Instructor

Christine Hanley, NYS-LBA, obtained a Bachelors in ELA Secondary Education at Stony Brook University and a Master's Degree in Special Education and Applied Behavior Analysis at Queens College. Christine is a valued member of the PBS family, supporting students in several school districts and and in the community.

Christine is a theme park fanatic who has traveled extensively to visit numerous theme parks. She has worked as a Ride Operator at Long Island’s Famous Adventureland (also working the concessions stands a bit)! Christine is eager to

buckle up and enjoy the ride in sharing her knowledge and experience with PBS ACE students.

PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students benefit from being engaged with interesting material and collaborating with other students.
