## Course Description: NYC: History & Virtual Tour

---

So often when we discuss traveling, we think about escape and adventure. So often so, we forget about the amazing city that is right here in our own state! If you have a love for history and traveling to NYC then this class is for you! Join us for NYC: History & Virtual Tour this semester and fall in love with the famous "city that never sleeps". Including learning about hidden treasures and landmarks on the island of Manhattan. Students will be engaging in research skills by searching for the most famous historical landmarks and tourist spots in NYC. We will cover the "must do" for the most seasoned travelers and the unknown local secrets of the city. We will also cover the basic transportation systems of NYC including the LIRR, the subway, the public bus system, and of course- walking! Students will also plan a budget-friendly walking trip. With copious resources provided to us during the COVID-19 crisis, traveling the world has never been easier (and more affordable!). Please save the date for Wednesday, June 23rd as we plan for a PBS ACE student meet-up in a walking tour of NYC. Please note that this is subject to change with COVID19 regulations and safety precautions.

## Your Instructor

---

Courtney Braun is thrilled to be joining PBS for another remote learning class! Courtney is currently a graduate student at The Stony Brook University School of Social Welfare specializing in Physical, Psychological and Social Well Being. Courtney attended the Kennedy Center American College Theatre Festival (KCACTF) two years in a row, representing Suffolk Community College in their productions of *Hair* and *Gypsy*. Previously, Courtney has worked alongside various famous artists such as Ben Vereen. Courtney has been performing for over 17 years and has a strong background in performing, choreographing, and directing numerous shows. She is a founding member of CAST, the

Community of Actors for Supported Theater on Long Island based at Think Big Theatre Arts. She looks forward to seeing familiar faces old and new as we laugh our way through the semester with one another.

*PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students benefit from being engaged with interesting material and collaborating with other students.*
