WITH A SMILE AND A SONG: THE COMPOSERS OF DISNEY

Mondays 10:00 am-11:30 am; Instructor: Courtney Braun

Our beloved Disney theme parks & films would be blah without music! Chances are that you can name a song from each film! In this course, learn about the people that created the music that we love. Students will learn about the classic Disney composers such as The Sherman Brothers all the way to the newest composers including Alan Menken, Hans Zimmer, and Lin Manuel Miranda. Students will also learn about important musical elements such as tempo, theme, instruments, and dynamics. As a class, students will have creative discussions about these elements and what they would change if they were the composers. A story is nothing without song- join us and sing along this semester!

INTRODUCTION TO THEATRE: ACTING, IMPROV, DANCE & SONG

Mondays 1:00 pm -2:30 pm; Instructor: Courtney Braun

Intro to Theatre is a course dedicated to different acting techniques, scene work, improv exercises, choreography, and song. This is a performance class where everyone is encouraged to participate but no experience in performing is not necessary! The class will focus on the basic elements of theatre and how they come together to create art! An emphasis will also be placed on how to work with acting exercises, development of character, famous acting techniques, and different styles of choreography. Students will learn about acting through individual and group exercises and will be strongly encouraged to be active participants. Theatre, even if not applied as part of a production, can help in building confidence, communication skills, and professional skills that can be applied in many different settings.
