Questions: AdultEd@PositiveBehavior.org

ELVIS...The King of Rock and Roll!

Elvis exploded onto the scene in 1956. Like no one before, Elvis made a sensation with fans and, amazingly, there are devoted *fanatics* the world over even today.

Students in this class will learn about Elvis':

- Life and career, from Tupelo to Las Vegas and all points in between
- His extraordinary influence on music as well as who influenced him
- His film career
- His public image and early controversy
- His military service and the comeback that followed
- His untimely death and the controversy that surrounded it
- ...and much more

There will be plenty of music and video of performances. Who knows, there may even be a day when students are encouraged to come dressed as whatever period Elvis they choose and sing their favorite Elvis song (optional, of course)!

Meet the Instructor

John Innis, although born and raised in Texas, moved to Long Island directly from Memphis, Tennessee where he had lived for 8 years. He has been to Graceland! Sun Records! He went to Elvis' birthplace in Tupelo, Mississippi. Every year on Elvis' birthday and the anniversary of his death, in the streets of Memphis, John saw the multitudes of fans, many in Elvis outfits, come to honor the one and only, the King of Rock and Roll, Elvis Presley. But, John has never been married in Las Vegas by an Elvis impersonator (LOL).

John is a Director at PBS Consulting in Northport and is a NYS Licensed Behavior Analyst. In his spare time, John likes to hike and bike and enjoys all kinds of music. But, there can only be one King!

PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students inherently benefit from being engaged in an active college environment.

Space made possible through a grant from
Positive Behavior Support Community Foundation
