## Long Island History

This course will cover varying topics about our very own home!

Long Island History will provide an overview of the unique background of the place we call home. We will cover dates back to the formation of Long Island all the way to the modern era.

Some topics covered in class are The Culper Spy Ring & The American Revolution, The Birth of Suburban Long Island, The Long Island Railroad, Famous Long Islanders, Long Island Beaches, Long Island Parks & State Parks.

This course will also focus on celebrating The Gold Coast, as we prepare to celebrate 100 years since The Golden Age, when Long Island was the bee's knees!

## Meet the Instructor

**Courtney Braun** is a lifelong resident of Long Island and has been exploring the Island her whole life. Her passions include finding new restaurants to try, visiting the water on the North Shore and traveling out East for day trips. Previously, Courtney has traveled to various locations including Ireland, Paris, and London. Courtney's passion for history and travel came from her Great-Grandfather, who would travel the world, documenting his journey through photography, videography, and art. Courtney is thrilled to be teaching PBS Adult Education classes again this year and looks forward to another incredible semester.

*PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students inherently benefit from being engaged in an active college environment.*
