## Money Wise

Many young adults struggle with understanding the use of money and establishing and maintaining a budget. While everyone makes money mistakes from time to time, now is the time to get *money wise*!

Recognizing the difference between needs, wants and goals is a great place to start. Small choices we make on a daily basis affect what we are able to achieve with the money available to us.

This course starts with basic concepts of money, saving and spending wisely. Topics such as comparison shopping and online shopping pitfalls will be discussed. By the end of the course, students will identify and set their own future goals and establish a system for staying on track with a budget.

Even if you have never thought about budgeting, it's always a good time to get money wise! This class will teach valuable money skills for students at all levels in a fun and enriching manner. Join us this fall!

## Meet the Instructor

**Scott Hoelldobler:** Scott is an Investment Advisor Representative and a business owner. Scott has conducted Financial Wellness Workshops at dozens of Fire Departments, Chambers of Commerce, and Civic Association Meetings throughout Nassau and Suffolk Counties over the last 15 years.

Scott has a great sense of humor, which comes out during his energetic presentations. He began supporting adults with autism over 30 years ago and is currently a Community Development Specialist with PBS Consulting.

*PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students inherently benefit from being engaged in an active college environment.*
