Overview of Theater Arts

Intro to Acting is a course dedicated to different acting techniques, scene work, and monologues.

This is a performance class. It will focus on different styles of acting and when to use them in a scene. Emphasis will also be placed on how to work with acting exercises, discuss character, text, etc.

Students will learn about acting through individual and group exercises and will be strongly encouraged to be active participants.

Acting skills, even if not applied as part of a production, can help in building confidence and becoming stronger self-advocates.

Meet the Instructor

Courtney Braun has been performing for over 17 years throughout Long Island. Courtney attended the Kennedy Center American College Theatre Festival (KCACTF) two years in a row, representing Suffolk Community College in their productions of *Hair* and *Gypsy*. Previously, Courtney has worked alongside various famous artists such as Ben Vereen. Courtney has a strong background in performing, choreographing, and directing numerous shows. She is a founding member of CAST, the Community of Actors for Supported Theater on Long Island based at Think Big Theatre Arts.

PBS Adult Education classes are taught using various instructional methods tailored to the specific needs of adult learners. Students will be encouraged to develop critical thinking, research and study skills, and utilize technology for learning and collaboration. All students inherently benefit from being engaged in an active college environment.
