Harry Potter: Literary & Film Analysis of The Chamber of Secrets

We are returning to Hogwarts for another semester of magic!

Students will study the second book in the Harry Potter series, The Chamber of Secrets. We will break down the magical elements of JK Rowling's writing including, characterization, theme, descriptive writing and so on. Students will compare and contrast the novel to the ever-popular film version of The Chamber of Secrets.

It is recommended that students have read The Sorcerer's Stone prior to taking this course in order to avoid any spoilers that may be present.

Join us again for another magical semester here at PBS Campus Experience!
